RADIOCARBON LABORATORIES

This is *Radiocarbon*'s most current list of active radiocarbon laboratories and personnel known to us. We rely on the labs to self-report any changes. Listings are organized by country, followed by lab code. Lab code designations, used to identify published dates, are given to the left of the listing. See page 20 for a complete list of past and present lab codes.

Please contact us with any corrections or updates (kimelliott@arizona.edu). Updated 24 August 2026.
